4. (Internal Use Only - JGO) Lt. Col. Jack Reiter of Air Force L&L called and advised that he had been requested by Mr. William Darden, Staff Assistant, Senate Armed Services Committee, to meet in the morning with Mr. Darden to discuss the question why the words "interned in a foreign country" contained in the present Missing Persons Act are not sufficient. Dependent upon this discussion, H. R. 2989 may be processed through Senate Armed Services without hearings. Col. Reiter requested that I join him and Mr. Morrison (Office of Air Force JAG) in the meeting with Mr. Darden. I indicated I would be present.
